## Early Childhood Center

The Early Childhood Center (ECC) provides a secure, loving, Christian environment where children can grow spiritually, emotionally, physically, socially and intellectually with their peers and teachers. A developmentally appropriate curriculum is used to meet the needs of each child.

**Janet Underwood**  
Director

In our Early Childhood program, we explore a weekly worship time alongside a creative curriculum that introduces foundational skills. Each week we focus on new colors, shapes, letters, and numbers, helping children build confidence through joyful, hands-on learning. Every day includes an art or fine-motor experience that connects with our theme, giving students the opportunity to create, imagine, and develop important early skills.
